April 12—Governor Glynn again refuses a reprieve.

April 13—Four gunmen executed.

Gyp the Blood and Lefty Louie were married. Their young widows survive them.

Not only during the trial but in statements given out at Sing Sing, three of the gunmen persisted in the declaration that Dago Frank had not been present at the time of the murder, and was in any way concerned in the plot to murder Rosenthal.

During their stay in the death house all four maintained an attitude of martyrlike innocence, tempered with an optimism growing out of their belief that their fate hinged upon Becker's and that if he were not guilty, they must be set free. The news crushing hopes of this nature as announced by the warden was received with stoical calmness.

The crime for which the four gunmen paid the death penalty started a wave of police reform, from which the ripples have not yet subsided. Throughout the revelations made at the time and subsequently, stalked the vague, sinister monster known as the "police system."

Rosenthal was shot down early on the morning of July 16, 1912, in front of the Hotel Metropole. On receiving an announcement from a man who came into the hotel, he walked out and fell dead before a fusillade of bullets. The murderers leaped into an automobile and escaped. Weeks later after Becker had been arrested the gunmen were found in a flat in Brooklyn.

Their conviction and Becker's were based chiefly on the testimony of three go-betweeners who turned state's evidence. These men—Jack Rose, Bridge Weber and Harry Vallon—declared that they had hired the gunmen to kill the gambler Rosenthal at Becker's request.

Sam Schepps, a little gambler, corroborated their testimony, and was not adjudged an accomplice.

Becker was a police lieutenant in charge of the "strong arm squad," whose duties were to keep in subjection the gangs of the city and to regulate gambling houses and places of ill fame. Rose, Weber and Vallon said Becker had made use of his position to collect money from these houses.

Becker, according to these same witnesses, having a grievance against Becker, was about to give evidence against Becker to the district attorney.

Becker was arrested July 29, 1912, but nearly two months elapsed before the apprehension of the gunmen. Their trial before Justice Goff marked a record of speed in criminal procedure.

"He said: 'I did not do the shooting. The men who fired the shots were Gyp, Louie and Vallon.'"

"He said: 'I was five miles away at the time. So far as I know Becker had nothing to do with this case. It was a gambler's fight.'"

"He mentioned several raids on gambling houses and said that the story Shapiro told to Commissioner Daugherty was true. He said: 'I told some lies on the stand to prove an alibi for the rest of the boys. The testimony about the conversation with Rose in the car on the way down was not true. I was in Bridge Weber's room when he was arrested.'"

The real names of the men who have been known as "Gyp the Blood," "Lefty Louie," "Dago Frank," and "Whitey Lewis" were Harry Herowitz, Louis Rosenberg, Frank Cirofici and Frank Seldenshue. The youngest, Lefty Louie, was 21, the oldest, Dago Frank, 27. All were Jews except Dago Frank. As the nickname implies, he was an Italian.

## SCALE COMMITTEES REACH NO AGREEMENT

ILLINOIS BODIES SPEND DAY CONSIDERING DEMANDS OF BOTH SIDES

Upper Michigan Copper Strike Comes to an End as Result of Referendum Vote—Men Who Have Not Been Guilty of Violence May Be Re-employed.

Peoria, Ills., April 13.—The two scale committees of the Illinois coal operators association and the Illinois division of the United Mine Workers of America spent another day considering the demands of both sides and reported tonight that no agreement had been reached.

Six hundred of the 700 demands have been taken up and debated separately during the sessions which have lasted more than one week. As soon as one problem has been discussed the matter is turned over to a sub-committee for investigation. The sub-committee, which adjourned Saturday, will again take up its work tomorrow morning. The miners in the Peoria district will take a referendum vote tomorrow to decide whether they will remain at work or strike pending a settlement of the wage dispute now in the hands of the wage committee. Approximately 7,000 men in this district will vote.

Michigan Strike Ends.

Houghton, Mich., April 13.—The strike of the copper miners in Upper Michigan came to an end today as a result of a referendum vote taken yesterday among the members of the Western Federation of Miners. The strike had been in effect since July last, when 13,000 men, according to the figures of the federation, demanded better wages and working conditions and recognition of the federation.

After the canvass of the referendum vote today by the district board of the Western Federation of Miners, secretary riets gave out this statement:

"Complying with instructions of the district board, it was decided not to give any separate figures from each of the local unions. Total vote cast in favor of calling off the strike throughout the district 3,194; total vote cast in favor of continuing the strike 1,636; total vote 4,740."

Managers of the mines have announced that they will re-employ all men who have not been guilty of violence as soon as they give up their membership in the Western Federation of Miners, and places can be found for them.

In ordering the referendum vote last week officers of the Western Federation of Miners informed the members that since the strike had been declared the mine owners had changed working conditions and wages so that they substantially met the demands of the strikers. The strike had been continued for some time in an effort to make the mine owners recede from their determination not to employ any member of the federation. As the mine owners persisted in their stand on recognition of the Union it was finally decided to leave to the strikers' decision as to whether the contest should be continued.

Refuse to Recognize Defeat.

Denver, Colo., April 13.—That the Western Federation of Miners refuses to recognize defeat, in ending the Michigan copper strike; that they capitulated "not to the mining companies, but to a near future that promised nothing but hunger and privation," that they expect to continue their "onward march to the goal of economic liberty" were the features of a statement issued today by Charles H. Meyer, president of the Western Federation of Miners. The statement was made upon receipt of official notification from district officials that the mine strikers yesterday voted to call off the strike. Regarding the sudden decision to end the strike, the statement continues:

"We want the public to know that at no time during the life of the strike did they (the miners) feel more confident of victory than on the day they cast their votes declaring the same at an end."

MAY 8TH, TENTATIVELY SELECTED AS DATE OF WHITE HOUSE WEDDING

ILLINOIS SUFFERS HEAVY FIRE LOSS FOR MONTH OF MARCH

SPRINGFIELD, Ill., April 13.—Illinois fire loss for the month of March was \$1,435,936, the heaviest loss of any month for a year, according to the report of State Fire Marshal Walter Bennett. There were more fires than in any month, the total number aggregating 988, only 228 of which were in Chicago. The fire loss in Chicago was only \$169,335, as compared with \$1,265,721 for the rest of the state. Sparks and defective flues were the most frequent causes, causing 302 of the fires. Only 30 were of incendiary origin.

## OFFICERS KILL MAN BELIEVED TO HAVE BEEN TRAIN BANDIT

Before Meeting His Death Alleged Bellingham Robber Seriously Wounded Chief of Police.

Lemmon, S. D., April 13.—A man believed to have been Harry Matthews, alleged to have been the Bellingham train bandit, was shot and instantly killed here tonight by officers who were attempting to effect his arrest.

Before meeting his death the bandit seriously wounded Chief of Police A. A. Antell, of Lemmon.

The man who is supposed to be Matthews, boarded a Chicago, Milwaukee & St. Paul freight train at Harlowton, Mont. He was detected by Conductor Edward Strible, who attempted to eject him from his train at Bowman, N. D., when the fugitive drew a revolver and attempted to shoot the conductor. The man with a companion were locked in a box car and the officers at Lemmon notified. On its arrival here Chief Antell and Officer G. W. Schlegel opened the car door when they were met by a fusillade of bullets.

Killed Three Passengers.

Seattle, Wash., April 13.—Three passengers were killed, when three men alleged to have been Harry Matthews and George Ban, held a Great Northern passenger train, bound from Seattle to Vancouver, B. C., near Samish, Washington, early on the night of Feb. 20th. The bandits fled after collecting a small amount of loot.

A man arrested in Vancouver gave information implicating George Ball and Harry Matthews. Ball was arrested in Calgary, Alta., and taken to Mount Vernon, Washington, where he is held for trial on a charge of murder. A warrant charging Matthews with murder was also issued.

Investigate Reported Holdup.

Seattle, Wash., April 13.—Deputy sheriffs have gone to Riverton, eight miles south of Seattle, where two men are reported to have been severely cut with knives on a Seattle-Tacoma interurban train. Whether it was a fight on the car or an attempted holdup is not known at the sheriff's office.

## GOVERNMENT READY FOR LABOR TROUBLE IN ITALY

ROME, April 13.—The question of a strike of the railway men throughout Italy still hangs in the balance, but the government in order to be ready for any eventuality has already occupied certain stations with detachments of troops. Arrangements have been made to replace with bluejackets the sailors on the postal steamers plying between the continent and the islands, while the engineers and stokers of the warships will, if necessary, assist the military engineers to carry on the train service.

In several cases damage has been done to the engines and those responsible have been dismissed. The leaders of the railway men have been holding secret meetings but what they have decided upon is not known. It is thought by some that the strike may be suddenly proclaimed.

## NEW BUREAU WILL BE ADDED TO ENGINEERING DEPARTMENT

CHICAGO, April 13.—A new bureau to investigate all complaints of gas and electric service will be added to the engineering department of the Illinois public utilities commission, James E. Quan, chairman, announced today. The large number of appeals of consumers to the commission has proved the inadequacy of the present force, Mr. Quan said. Equipment for making thorough tests will be added to the laboratories.

A conference of operating engineers of the larger gas and electric light and power companies will be called soon, Mr. Quan said, and the exact jurisdiction of the various syndicates will be established. Later the commission will formulate rules for gas and electric service.

## DECISION IN "DYNAMITERS" CASE IS EXPECTED TO-DAY

CHICAGO, April 13.—Decisions in the "dynamiters" conspiracy and Jack Johnson cases will be handed down tomorrow by the United States circuit court of appeals. It is expected.

The three judges comprising the court have had the petition of Frank M. Ryan and 23 members of the Structural Iron Workers' union under consideration for several weeks. If a re-hearing is denied, an order remanding the defendants to the penitentiary will be issued.

Jack Johnson was found guilty of transporting a white woman from Pittsburgh to Chicago and sentenced to a year and a day in the penitentiary and fined \$1,000. If the conviction is upheld Johnson, it is said, cannot be brought back to the United States, as a violation of the Mann act is not an extraditable offense.

FURTHER HEARINGS TO BE HELD IN RATE CASE

Washington, April 13.—A statement issued late today by the interstate commerce commission concerning arguments to be heard April 27 on the application of eastern railroads for a five per cent increase in freight rates, explained that while the argument will close the record on the main issues of the case, the record as to "related matters" involved in any case "involving or growing out of a dispute concerning freight rates or conditions of employment, unless necessary to prevent irreparable injury to property or to a property right of the party making the application and these rights would have to be sworn to by the applicant 'with particularity.'"

## DISAPPROVES PLAN TO CURTAIL PROGRAM

Senator Lewis introduced three bills for a new federal commission to regulate industry and finance.

Senator Cummings spoke on the railroad situation.

Senator Thomas in a speech declared the railroads did not need increases in freight rates.

Adjourned at 6:15 p. m. to noon tomorrow.

House.

Took up district of Columbia legislation.

Representative Underwood returned to his seat from his Alabama victory and received an ovation.

Jefferson's birthday anniversary was signaled by a speech by Representative Clark.

Administration leaders in the judiciary committee conferred with President Wilson and agreed to consolidate some of the trust bills.

Representative Levy ineffectually attempted to secure consideration of his resolution calling on the president to inform the house why the inter-state commerce commission has not granted such freight rate increases as shippers have not contested.

Adjourned at 5:58 p. m. to noon Tuesday.

Washington, April 13.—Unqualified disapproval was expressed by President Wilson today of the proposal in congress to curtail the anti-trust legislative program for this session. Later members of the house judiciary sub-committee who had conferred with the president on this subject, declared an effort would be made to report out quickly a single measure embodying the substance of all tentative trust bills and that legislation would be also pressed to meet all demands of labor for restriction of the injunction power of the courts.

That opposition to carrying out the full trust legislative program is growing among senate and house Democrats continued in evidence during the day, notwithstanding determination to revive the effort to perfect measures affecting interlocking directorates, holding companies, price discriminations and other evils.

Senator Newlands, chairman of the senate inter-state commerce committee expected to report a general trust bill soon, though the members had not agreed upon details. Before the committee determines finally upon its course, however it will pass upon the amendment already prepared to include action at this session upon anything but a bill to create an inter-state trade commission.

Unless this plan is agreed to the committee will proceed to complete the tentative measure. The first section would create a commission to regulate corporations the second would prohibit forms of interlocking directorates in competing concerns; a third would regulate holding companies, a fourth would deal with stock watering and the issuance of railroad securities and a fifth would attempt to eradicate price discriminations which affect competition.

Besides the members of the house judiciary sub-committee President Wilson conferred with Representative Webb of North Carolina. After the conferences the sub-committee determined upon the following program:

Speeding up of committee consideration of the anti-trust legislation with a view to reporting as quickly as possible a single bill comprising the principles of the Clayton bills on trade relations, interlocking directorates, holding companies and definitions; inclusion of the anti-injunction plan in this bill or in a separate measure, to regulate issue of injunctions and restraining orders in strikes and other labor controversies, to provide due notice to all parties concerned and jury trial rights in contempt proceedings for violations of injunction decrees.

Chairman Clayton of the judiciary committee said tonight he hoped to have the anti-trust bills out of his committee and reported to the house within a fortnight. A section of the Clayton bills, which will be offered before the committee as a basis for the anti-injunction measure would estop any restraining order or injunction in any case "involving or growing out of a dispute concerning freight rates or conditions of employment, unless necessary to prevent irreparable injury to property or to a property right of the party making the application and these rights would have to be sworn to by the applicant 'with particularity.'"

## GOVERNOR DUNNE WILL GO TO AURORA TOMORROW

State Executive Will Take Part in Road Improvement on Road Between Aurora and Elgin.

Springfield, Ills., April 13.—Gov. Dunne, accompanied by his private secretary, William L. Sullivan, leaves Springfield tomorrow afternoon for Chicago. The governor will go to Aurora Wednesday morning, where he will take part in the initial work of highway improvement near that city. It has been reported that the governor will don overalls and participate in the work of shoveling stone and dirt, but the executive said that this report is without foundation.

"There will be nothing spectacular in connection with my visit to Aurora," declared Governor Dunne. "I am heartily in sympathy with the movement to improve the highways of the state and will lend any assistance without my power to bring about such improvement, but I don't think it necessary that I should wear overalls to accomplish this end."

A Chicago, the governor will be joined by members of the Illinois highway commission, who will also be present when improvement of the Aurora road is formally put under way. During the day the governor and members of the commission will inspect the road between Aurora and Sterling.

## START MOVE TO HAVE SULZER NOMINATED FOR GOVERNOR

ALBANY, N. Y., April 13.—A move to bring about the nomination of William Sulzer as an independent candidate for governor this fall took definite form here today in the incorporation of the American Party by friends of the deposed executive.

"There will be a complete state ticket headed by Governor Sulzer," said Col. Alexander S. Bacon, one of the incorporators, in a statement tonight explaining the purposes of the new party.

Anti-Tammany Democratic assemblymen, senators and congressmen will be selected, together with a complete anti-Tammany state committee and anti-Tammany county committees.

Some of the purposes of the party, as set forth in the incorporation papers are "to drive out corrupt politicians, advocate election reforms, promote progressive legislation, bring better constitutional powers for the government to fight corrupt practices and to make peace between capital and labor."

It is proposed to conduct an educational campaign during 1914 and 1915 and to make the final stand for a vote on the liquor question in 1916 or 1917 as the committee decided.

A committee of 51, including representatives of all temperance societies in Chicago, was appointed for organization.

The inter-oceanic canals committee today to the virtual exclusion of the treaty obligations involved and neither aspect was in evidence elsewhere about congress. At the white house, however, President Wilson reaffirmed his belief that repeal of the exemption from tolls granted to American coastwise ships would not constitute an interpretation of the Hay-Pauncefote treaty, but merely would indicate the unwillingness of this country to bring up the question of discrimination.

The president agreed with the views recently expressed by Secretary Bryan that no amendment was necessary to the pending repeal bill reaffirming the sovereignty of the United States over the canal.

## ORDERS ZARAGOZA NOT TO ACCEDE TO DEMANDS

MAAS SAYS GOVERNMENT INSTRUCTS OFFICIAL NOT TO SALUTE FLAG

President Expects Compliance With Demand of Admiral—Will Confer With Lind Today—Rebels Negotiating for Purchase of Six Revenue Cutters.

Vera Cruz, April 13.—General Gustavo Maas, the federal commander at Vera Cruz, speaking today with reference to the arrest of an American detachment from the Dolphin at Tampico and the demand by the American admiral for satisfaction for the insult to the American flag said the Mexican government had ordered General Morelos Zaragoza not to accede to Admiral Mayo's demand which was that the American flag should be saluted within 24 hours—considering that such a step would be highly derogatory to national dignity and was also, uncalculated for as absolutely no insult had been offered to the American flag. For the unfortunate mistake made in arresting the Americans, General Maas added, General Morelos Zaragoza had his apology made ample compensation.

### Wilson Expects Salute.

Washington, April 13.—Upon whether the commander of the Huerta forces at Tampico salutes the American flag in apology for the arrest of American marines last Thursday, depends immediate developments in the Mexican situation.

President Wilson declared unofficially today he expected the federal commander at Tampico to fire a salute to the stars and stripes as demanded by Rear Admiral Mayo and he spoke with a confidence that implied insistence. The navy department was still undecided tonight as to whether or not the salute had been fired. It is understood instructions have been sent to Charge O'Shaughnessy to represent to the Huerta government the feeling of the administration here over the affront but there has been no announcement on the subject.

The presence in Washington of John Lind, President Wilson's personal representative in Mexico for the eight months gave the Washington government an adviser with special knowledge of the military situation at Tampico. Mr. Lind reached here from Vera Cruz aboard the presidential yacht Mayflower early today and spent several hours with Secretary Bryan. Tomorrow he will see President Wilson, accompanied by Secretary Bryan for an hour just before the cabinet meeting. Authoritatively it is stated Mr. Lind's reports on the general situation were so comprehensive and complete that he really did not have to come to Washington to supplement them.

Mr. Lind himself, was uncommunicative, saying merely he had sought a vacation and was at the orders of the government. While he has kept the president and Secretary Bryan informed constantly about developments, his presence here at this time is considered opportune should any unusual situation arise out of the demand for a salute at Tampico.

### Rebel Forces Withdraw.

Vera Cruz, April 13.—Private advice received here today from Tampico say the rebel forces have withdrawn a considerable distance from the outskirts of the town. It is presumed for the purpose of re-organization. The United States Battleship Minnesota left here for Tampico this afternoon well loaded with supplies. The Cuban Freight Steamer Camaguey will leave tonight for the same port. It had been commissioned to bring refugees to Vera Cruz.

### To Purchase Revenue Cutters.

Chicago, Ills., April 13.—General Carranza is negotiating for the purchase of six revenue cutters for the constitutional government. It was learned today from his agent here. Each of the vessels will be 75 feet in length, protected by armor belts and will be mounted with one pounders and rapid fire guns. They would cost \$30,000 each, it is estimated. Each boat would carry 100 persons in an emergency.

## CHIEF SUPERVISOR OF INDIAN BUREAU SHOTS AND KILLS SELF

WASHINGTON, April 13.—E. P. Holcombe, chief supervisor of the Indian bureau, shot and killed himself in a room of a downtown hotel late today.

Holcombe's associates believe he was led to take his life through despondency over his physical condition of which he had continually complained recently.

Officials of the interior department, with whom Holcombe had been associated for twenty years, said the affairs of his office were in perfect shape.

Among the papers which littered the room when the police entered, following the pistol shot, was a letter requesting the authorities to inform his wife and children at Denver, Colo., of his act.

### AGED ATTORNEY DIES.

Fond Du Lac, Wis., April 13.—John I. Thompson, at one time postmaster of Ann Arbor, Mich., and who was for a time associated with Gen. E. S. Bragg, commander of the Iron Brigade in the practice of the law, died here today. He was 82 years old.

## "DAGO FRANK" DECLARES BECKER IS INNOCENT OF ROSENTHAL MURDER

(Continued from Page One.)

ber's when the arrangements were made. I did not know just what the arrangements were. I knew something was coming off. I did not see Louis pack the trunk as I testified on the stand. There were guns there, but not the ones they used. When asked how he gained this information, he said: "I heard the boys talking about it since I was here."

"He admitted his knowledge of and participation in the preparations for the murder, but denied his presence when the actual murder was committed."

**Italian Meets Death First.**  
After making his statement to Mr. Clancy, Cirofici almost collapsed and this was the cause of the sudden switch in the warden's plans which sent "Dago Frank" to the chair first instead of "Gyp the Blood."

At no time, according to the warden, did any of the gunmen, except Cirofici tell him they were innocent of the crime of killing Rosenthal. "Whitey Lewis" always declared he did not fire a shot and it is the warden's opinion that his dying words were:

"I didn't shoot at Rosenthal."

Mr. Clancy said "Dago Frank" and "Whitey Lewis" always believed they were not as guilty of slaying Rosenthal as were the men who fired the shots.

Incidentally, while Mr. Clancy was sitting in Mr. Riley's office tonight, the superintendents expressed the hope that no man ever again would pay the penalty of death in the electric chair in this state.

"I hope," he said, "to see the next legislature pass a law permitting juries to fix life penalty and that this reform will succeed in doing away with capital punishment."

The four gunmen, slayers of Herman Rosenthal, the New York gambler, were put to death in the electric chair at Sing Sing prison about 6 o'clock in the morning. After Cirofici they were executed in the following order: Frank Seldenshner, ("Whitey Lewis"); Harry Herowitz, ("Gyp the Blood"); and Louis Rosenberg, ("Lefty Louie"). Forty minutes passed between the time that "Dago Frank" was strapped into the death chair until the last of the quartette of gunmen was pronounced dead. "Whitey Lewis" died stoutly declaring his innocence.

**Will Not Affect Becker's Trial.**  
Both Mr. Riley and Mr. Clancy expressed the opinion that nothing contained in Cirofici's statement would have any effect on the second trial of former Police Lieut. Charles Becker.

**Take Bodies to New York.**  
New York, April 13.—The bodies of the four gunmen electrocuted in Sing Sing prison were brought back here late today. Emotional thousands from the East Side, followed that of "Whitey Lewis" to the grave.

The police estimate that ten thousand persons viewed the body of "Dago Frank" Cirofici at the undertakers.

## KNIGHTS TEMPLAR WORSHIP AT BROOKLYN

Special Program of Music With Sermon by the Pastor, Rev. W. W. Theobald.

Easter Sunday, according to an annual custom, was observed by the members of Hospitaler Commandery No. 31, Knights Templar, at Brooklyn M. E. church, with exercises in the afternoon. The sermon was by Rev. W. W. Theobald, the pastor, and there was special music for the occasion, furnished by students of the music department of the Woman's college.

After the responsive reading, Miss Helen Harrison gave a violin solo, Romance Sans Paroles (Wienawski). The congregation sang "Onward Christian Soldiers", and after a prayer by Sir Knight, Rev. G. W. Flagg, Miss Fern Hartsuck sang "The Holy City", by Adams.

The lessons were read by Rev. G. W. Flagg and Rev. W. W. Theobald, and preceding the sermon, Miss Ida Berryman sang "Hosanna", by Juliet Grainer. Miss Deane Obermeyer acted as accompanist for the soloists.

The members of the commandery met at their hall on West 57th street and marched in a body to the church, headed by Jefferies band.

The sermon, by Sir Knight W. W. Theobald, was of an especial fitting character for the occasion. He took for a text, John 20-29, Blessed Are They Who Have Not Seen and Yet Believe. The pastor first took up the historical evidence of the life of Christ, and secondary, the evidence which comes from the power of the gospel in the heart of men. The love of God to the church leads men to come to Him. Christ arose from the grave with a spiritual body and was unseen except when he revealed himself. If we were to see Him it would be a miracle as in the case of Saul. When death comes then we behold him for we too are then clothed with a spiritual body. Christ no longer in the flesh calls for the exercise of our faith, the foundation of all true religion. The sermon was a strong appeal and was delivered in a forceful manner.

**OBJECTS TO SUNDAY SHOOT**

Editor Journal:  
In line with the settling of our school question I wonder if the city receives anything from the blue rock shoot some of our citizens conduct every Sunday afternoon on property owned by the city. The property in question is what is known as the Wideman & Daub land northeast of the city.

It is high price land for the tax payers to buy for amusement purposes on Sunday afternoon, and also it is not consistent with our policy as a saloonless city, to have such Sunday programs.

A very good way to stop such evils is to nip it in the bud before it becomes an established institution. There is no objection against anyone conducting a blue rock shoot on any of the six days of the week, and there is no ill will against anyone connected with the affair only it does not give the city the right kind of advertising and is not in line with other boosting organization of the city.

## COUNTRY ROADS IN FINEST SHAPE KNOWN FOR YEARS

Vast Amount of Dragging Has Been Done—Indications Are For Great Activity on Road Day.

Whether it be the advance spirit of "Road Day" or just a general awakening to the need for better road conditions in Morgan county, the fact is nevertheless true that the roads are far better than has been the case at this time of year in the past.

Dragging has been going on in all parts of the county and the greater part of the entire road area has been put into smooth condition. More complaint is heard about some of the roads near Jacksonville than almost anywhere else. It is a busy time now, with oat planting at hand and other farm work beginning and it speaks well for the patriotism of the farmers that so many of them have taken time from other duties to work on the roads.

As "Road Day" approaches the interest is increased and while much work has been done recently on the roads there is every indication that the highways of Morgan county will present scenes of activity tomorrow and that some permanent road work will be done.

### GOOD ROADS DAY.

As every one knows tomorrow is designated as good roads day.

We farmers northeast of the city would be tickled almost out of our boots if the city would get busy on N. Myrtle street tomorrow. It is very depressing after having driven 8, 10, 12 and some of us 15 miles and more over smooth, well dragged roads to run up against such a proposition as North Myrtle street.

There isn't a thoroughfare entering the city which drains a larger scope of the country than the Petersburg road.

It is the natural route for all of us farmers from two miles east of Litterberry on to Sinclair and Prentice and south to Mauvalsterre school house.

We feel that the city is to a certain extent ours, and we take a certain amount of pride in the fact, and when our friends and relatives from a distance visit us we take pleasure in showing them around our county seat. But would like to boost the city, but I tell you when we strike North Myrtle it takes about all the interest out of us. There isn't any other thoroughfare entering the city but what has paved streets almost to the city limits.

But the Petersburg road strikes the city almost a mile from any paved street.

And the trouble is there is no choice, we have got to take Myrtle street or worse.

Now if Commissioner Newman will have his men get busy on North Myrtle street tomorrow he will confer a lasting favor on hundreds of farmers northeast of the city.

A Farmer.

**SOUTH JACKSONVILLE ROADS.**

The roads of South Jacksonville are in good condition today, thanks to the enterprise of a number of citizens who have just finished the task of going over them with a drag.

### OBITUARY.

The Taylorville Breeze of April 9 had in part the following regarding Prof. E. P. Morton:

Edward Payson Morton, eldest son of Rev. Samuel M. and Julia Allen Morton was born in St. Louis, Sept. 25, 1869. He was graduated from Illinois College in 1890, as A. B., later receiving A. M. Taught in Jacksonville high school in 1890-91 in Blackburn university in 1894-95; taught in the English department of Indiana university at Bloomington, Ind., 1895-1908; taught and studied in the Chicago university 1908-10, receiving the degree of Ph. D. from that institution in 1910. He was professor in English in Wake Forest College, N. C., 1910-11. Since then he has written four text books on The Great Lakes, which have been adopted in many public schools and other institutions, as well as numerous articles for the Dial and other magazines.

His work on non-dramatic blank verse is authority on that subject. His reputation was steadily growing in literary circles and he had many warm friends among leading teachers and writers, who deeply lamented the fact that he was cut off in the prime of life and the beginning of a wider career.

He united with the Westminster church, Jacksonville, Oct. 18, 1885, at the age of 16, and has lived a consistent Christian life ever since. He was married June 13, 1895, to Miss Luelia B. Barrows of Jacksonville, Ill. They have been singularly congenial in their tastes and devoted to each other. He died in St. Luke's hospital, Chicago, of ulcer of the stomach, April 2, 1914. His suffering during the last few weeks was severe much of the time, but he bore them with patience and was resigned to the Heavenly Father's will, and at the last peacefully "fell to sleep." His remains were brought to Taylorville for burial and laid away in the family lot in Oak Hill cemetery. The funeral services were held at the residence of his brother, Charles W. Morton, Rev. R. H. Claxon, pastor of the Baptist church, an old friend of the family officiating, assisted by Rev. C. W. Estes, pastor of the Presbyterian church. His tolls are over, his trials ended; he rests from his labors. "So God giveth his beloved sleep."

**AT MASONIC TEMPLE.**

A reception was given Monday evening by the members of R. A. Chapter No. 3 in Masonic temple in honor of Most Excellent Companion Dr. Louis H. Clampt, representative of the grand chapter of Minnesota to the grand chapter of Illinois. It was a very pleasant occasion and was attended by quite a number of the members of the chapter and was followed by refreshments in the banquet room. Brief talks were made by several of those present and the affair was pleasant in every way.

The members of the Woman's Civic League ask the attendance of every interested voter in the city, man or woman, at the meeting announced for 7:30 Thursday evening at the court house for the discussion of the general school law. Several addresses will be made presenting different phases of the question and it is hoped that as many voters as possible will avail themselves of this opportunity to hear a discussion of the general law and the important matters involved.

MEETING POSTPONED.  
The Parent-Teacher's meeting which was announced to take place today has been postponed. The program committee feels that a meeting at night at the high school, when more can be present, also allowing men to attend would be more profitable. A program of unusual interest will be worked out, which will include well known speakers and music by the high school band. The time will be announced later.

Frank Kiloran of Chicago spent Sunday with home folk.

## NEW GENERATOR USED AT MUNICIPAL LIGHT PLANT

Started Off Last Night Without a Hitch and Furnished Power for All Street Lamps—Wards Now in Different Circuits.

Mr. Reid of Fairbanks Morse & Co., came to Jacksonville yesterday and last night started the new generator at the Municipal light plant. The work of installation had been going on for several weeks and it simply remained for Mr. Reid to give the finishing touches. He found everything worked exactly as it should and the generator furnished the current for all the city lights during the evening. The lights were operated for the first time in four circuits instead of two as each ward is now on a separate circuit.

It was naturally very gratifying to Commissioner Brennan to have the new machinery start off so smoothly. The work of cutting in for new lights is proceeding as rapidly as possible and the other betterments at the light plant are being gradually accomplished. By the time the work of installing the new boiler is complete the greater number of new lamps will be in position and there will be adequate power for lights and for pumping.

## MATRIMONIAL

White-Anderson.  
The marriage of Orville White and Miss Cordelia Anderson took place Sunday at the home of the bride's parents, Mr. and Mrs. John Anderson in Virginia. Rev. Mr. Lloyd officiating. The groom has been a former employe at the Jacksonville State hospital but it is understood the young people will reside in some other city.

## PRISONER CRAWLS FROM BERTH AND ESCAPES

Makes Get-Away While Warden Sleeps in Berth Beneath Him.

Rockford, Ills., April 13.—While Thomas Kinnane, deputy warden of Leavenworth prison, slept in a berth beneath him Carl Miller serving a ten year sentence for forgery, crawled from his berth and leaped from a Chicago, Milwaukee & St. Paul train today and escaped.

Kinnane discovered his prisoner's absence when he awoke at Davis Junction near here. Miller, who wore a twenty pound "Oregon boot" was being taken to Madison, Wis., to be re-sentenced. It was said that there was a flaw in his former sentence.

## BUBONIC PLAGUE SPREADING.

Havana, April 13.—The bubonic plague is spreading in spite of the efforts of the sanitary department. One new case was reported today and two others are under surveillance. The total number of cases of bubonic up to date is seven, with two under suspicion. Many blocks in the infected zone were placed under quarantine tonight, the residents being ordered to move.

It is understood that some of the members of the diplomatic corps will tomorrow request the government to prevent the residents of the infected zone from going to Tricoria where immigrants from all nations are held for quarantine purposes. The diplomatic representatives fear an outbreak of the disease at the immigration camp.

GAVE WRESTLING EXHIBITION.  
Billy Love, who claims the lightweight wrestling championship, of Illinois, and Billy Smith, both of Decatur, gave an exhibition wrestling match before a local club Monday night. Those who witnessed the bout claim it was a very clever exhibition and showed both young men as clever mat artists. It is probable that they will return to Jacksonville at an early date to give a public exhibition.

WILL PROBABLY BE CANDIDATE.  
Although he has made no announcement and no Republican primary has been called in the fourth ward it is understood that George S. Rogerson, present member of the board of education, will be a candidate for re-election. The Democrats of the ward held a caucus last night and are contemplating holding a primary later in the week.

A BROKEN HYDRANT  
A broken water hydrant near the School for the Deaf caused the water department a lot of trouble late yesterday afternoon and last night. Water had to be allowed to run from plugs on State street and College avenue while the repair work was going on. Supt. Cobb had a force of men working on the job all night.

UNIQUE SERVICES.  
The services at Centenary M. E. church Sunday evening were of a unique character in that they consisted of a program of scriptural readings and musical numbers telling of the resurrection of Christ. It is probable that the pastor, Rev. G. W. Flagg, will hold other meetings of a similar character.

MINE WORKERS TO CONVENE.  
Columbus, O., April 13.—United Mine Workers of Ohio, will hold a convention here next Monday, April 20, with about 200 delegates in attendance to discuss the coal situation in this state, officials of the union announced today. Representatives to confer with the operators will be chosen at the convention, also.

## MRS. MARY POTHAST IS FOUND DEAD IN BED SUNDAY MORNING

Had Been Ill for Past Two Years—  
Coroner Holds Inquest—Funeral  
Will Be Held Today.

Mrs. Mary Pothast was found  
dead in bed Sunday morning at  
5:30 o'clock at the home of her  
daughter, Mrs. Elizabeth Puhl in  
Pisgah. Mrs. Pothast had been in  
failing health for the past two years  
and suffered a fainting spell Thurs-  
day.

The deceased's maiden name was  
Mary Lukemeyer and had she lived  
until next August, would have been  
80 years of age. She was preceded  
in death by her husband, Frank Pot-  
hast and is survived by the follow-  
ing children: Mrs. John Welce of  
St. James, Mo.; Mrs. Anton Berg-  
schneider of Alexander and Mrs.  
Puhl.

An inquest was held Sunday at  
which the following acted as jur-  
ors: William Buchanan, foreman;  
R. L. Hector, A. L. Lukeman, J. R.  
Cox, Charles Corrington and J. W.  
Woods, clerk. A verdict that death  
was caused by lung trouble and old  
age was returned.

Mrs. Elizabeth Puhl, daughter of  
the deceased, was the first witness  
and her testimony was substantially  
as follows: Mrs. Pothast had been  
ill for two years past and has been  
attended by Dr. Metcalf of  
Franklin, who, although he had not  
been to see the patient for probably  
three months, had sent medicine a  
number of times when Mr. Puhl tele-  
phoned to him. Last Tuesday the  
daughter telephoned for medicine.

Since January 6, Mrs. Pothast had  
been confined to her bed and on  
last Thursday had a fainting spell.  
She was troubled with a very bad  
cough and complained of her right  
side, the doctor pronouncing it lung  
trouble. Mrs. Puhl remained up  
with her mother until about 12:15  
o'clock Sunday morning, and retired  
at that time, the patient seeming to  
be easy and asleep. At 5:30 o'clock  
Sunday morning Mrs. Puhl found  
her mother dead and at once went  
to the residence of R. R. Wood and  
telephoned to Anton Bergschneider,  
Mrs. Mary E. Lukeman and Bert  
Lukeman, who came to the resi-  
dence at once.

Only one other witness was ex-  
amined, Mrs. Mary E. Lukeman,  
whose testimony corroborated that  
of the daughter.

Funeral services will be held this  
morning at 10 o'clock at the Catho-  
lic church in Alexander.

## GOV. MAJOR AND MR. GOLTRA HELD CONFERENCE.

A St. Louis Globe-Democrat spe-  
cial from Jefferson City, Mo., yester-  
day said:

Edward F. Goltra, of St. Louis,  
Democratic national committeeman,  
and his wife spent Sunday in Jef-  
ferson City, the guests of Gov. and  
Mrs. Elliott Major.

"The Gov. attended Easter  
services at Grace Episcopal church  
and afterward lunched at the Execu-  
tive Mansion with Gov. and Mrs.  
Major. At 5 p. m. Col. and Mrs.  
Goltra entertained the governor and  
wife at dinner on his private car,  
Goltrane. Goltra denied that his  
visit to Jefferson City had any polit-  
ical significance.

"Goltra said that his report as  
chairman of the Insurance Commis-  
sion will not be ready for several  
months. The commission will at-  
tend a meeting of fire when they will  
visit Moberly and Kirksville. The  
commission will wind up the collec-  
tion of information with a meeting  
in St. Louis, the date to be deter-  
mined later.

"Gov. Major conferred with Goltra  
over the personnel of the proposed  
commission to investigate the code of  
civil and criminal procedure, it is  
understood."

## Killing Time

By WALT MASON.

J. Johnson Jinks has wealth to  
burn, though not a kopeck did he  
earn. His father  
croaked some  
years ago, and  
left him forty  
kinds of doubt,  
and he has bask-  
ed in gilded ease  
since he was low-  
er than your  
knees. And life  
to him is bleak  
and drear, and  
every hour seems  
like a year. He  
does not work  
like useful boys,  
but buys new cars and other toys,  
and wastes on them when they're  
bought for nothing seems to reach  
the spot. He travels here and there  
and finds new boredom  
and despair; his only task is killing  
time, and that's a nuisance and a  
crime. There's naught on earth will  
take the kinks from out the soul of  
J. J. Jinks, because he never learned  
to toil, nor had to make the ket-  
tle boil. I'd rather labor in the  
ditch than be so useless and so  
rich. This world is but a poor  
resort for any overloaded sport who  
tries to purchase cheap renown with  
wealth his old man handed down.  
I'd rather have one silver bone,  
that I have earned, than a million  
that have a bundle in my ill,  
awarded by some dead one's will.

## LITERBERRY.

Mr. and Mrs. Luther Cooper of  
Michigan street have purchased a  
beautiful new piano for their daugh-  
ter Barbara.

The very prettiest Easter card we  
received this Easter, was from little  
Bernita Hutchins, of Pullman Station,  
Ill. When Bernita visits her grand-  
papa, Perry Henderson, of Shady  
Oaks, she always makes a pleasant  
call at Sunshine cottage, and we  
count her among our very best friend.

Mr. J. M. Litter has completed a  
new building on his lot south of his  
dwelling. A tenant occupies this  
building and her name is Mrs. Peggie  
Wiggie. She has four beautiful little  
children and they are white as snow.  
Mr. Litter is very proud of this family  
for it is a present from Mr. Taylor  
Henderson.

On Sunday, a week, Miss  
Stella Scribner represented class  
number four in the Baptist Sunday  
school, and gave a splendid reading  
on the evils of Selfishness. Miss  
Stella is a good reader and we were  
pleased with her selection.

The M. E. society of Litterberry  
met on Wednesday afternoon at the  
pleasant home of Mr. and Mrs. O.  
Petefish; Mrs. Petefish and Mrs.  
Charles McDonald, hostesses, with  
Mrs. J. M. Litter, presiding in pro-  
gram. About forty persons were  
present.

Program:  
Piano duet—Mrs. Durrell Crum  
and Mrs. Earl Underbrink.  
Scripture reading—Matthew 28th  
chapter.

Prayer.  
Business session.  
Piano music—Mrs. Durrell Crum.  
Reading—Easter Saturday at the  
parsonage, Mrs. McCarty.  
Recitation by Irland Thompson.  
Song by Mildred Underbrink.  
Egg hunt—Mrs. Lena Thompson  
found the largest number and re-  
ceived a pretty apron as prize.

A miscellaneous contest was con-  
ducted by Mrs. Underbrink and the  
prize awarded to Mrs. William  
Crum.

A novelty exchange was conducted  
by Mrs. J. C. McFillen and the way  
boxes and parcels and books and  
dolls flew around there for a while  
was certainly one way to exchange  
goods; at the close every one had  
a valuable package or gift, to be kept  
as a souvenir of Easter, 1914. Del-  
icious refreshments were served in  
three courses and five pretty girls  
waited on the company. We noticed  
the children each had a chair, and  
a tray of refreshments. They also  
each had a bright red dime, and  
with smiling faces and eager hands,  
they could hardly wait for the  
"dime dish" to come around, so well  
pleased were they, to contribute their  
part. This is a move in the right  
direction and Litterberry "Aids" are  
setting a good example, which we  
are sure will be kept up. A good of-  
fering was taken. Mrs. J. C. Mc-  
Fillen will entertain the society in  
May.

A card to this office from Mrs.  
Isaac Houston of Calhoun, Mo., reads:  
"Our peach and pear trees are in  
full bloom, while the weather is cold  
and the ground froze hard last night,  
this 8th day of April, we are  
having a great deal of rain and  
nothing doing in the fields."

Mrs. Maggie Thompson and daugh-  
ter Mary Rachel, came out to Litter-  
berry on Wednesday.

Walter Brainer and George Taylor  
came up to Sunshine cottage Sunday  
morning to visit D. E. McCarty who  
is ill with an attack of malaria. Dr.  
Obermeyer is the attending physi-  
cian.

Rev. Baxter Hale of Crackers  
Bend, came up to Litterberry Satur-  
day morning and boarded the 8  
o'clock train for Chandlerville to  
fill his regular appointment with his  
people at Little Flock church.

## COUNCILMEN DISCUSS QUESTION OF POLL TAX

Opinion on Matter to be Given Lat-  
er by City Attorney—Ordinance  
Given First Reading to Increase  
Pay of City Light Plant Employees.

The business transacted by the  
city council at the regular meeting  
Monday morning was of routine  
character. Commissioner Engel  
was not ready to report his recom-  
mendation on the purchase of an  
auto fire truck and was granted  
more time. He expects to have a  
report ready within a day or two.  
The city attorney was asked for an  
opinion as to the authority of the  
city to collect poll tax. There was  
some talk about the observance of  
road day and of clean-up week and  
an ordinance was introduced in-  
creasing the pay of employees in the  
light plant.

New Plat Accepted.  
Subsequent to the reading of the  
minutes a petition was read from J.  
F. Claus asking the city to accept  
the plat of a subdivision of Lot 2 in  
Block 23 of City Addition and the  
desired action was taken. This  
property is at the northwest corner  
of Edgmon street and South Church  
and the filing of the petition was  
simply to have the record properly  
made of a new subdivision of the  
lot.

## Poll Tax Ordinance.

Mr. Knollenberg said he would  
like to have an opinion from the  
city attorney with reference to the  
collection of the poll tax as there  
seems to be some doubt as to the  
authority of cities to collect this  
tax in view of provisions which are  
contained in the Tice road law. City  
Attorney Thompson said he had not  
looked into the matter thoroughly  
but he hardly thought it could be  
collected legally but said he would  
present an opinion after investiga-  
tion. Mr. Knollenberg said that  
City Treasurer Farrell was asking  
for some assistance in the matter of  
making special assessment work in  
view of so much street paving. In  
former times this collection work  
was done by the city attorney but  
Mr. Farrell has handled it during  
his term of office. Mayor Davis  
said that the matter can be hand-  
led by resolution or ordinance, and  
he thought it would be preferable  
to make the provision by resolution  
so that it would not be a perman-  
ent allowance for clerk hire or in-  
creased salary as the case might be.  
It was understood that Mr. Knol-  
lenberg will consult with the treasurer  
and see just what arrangements are  
most desirable.

Commissioner Engel reported that  
he had sent away the specifications  
for the auto fire truck together with  
his bids to an expert in such af-  
fairs and that he had been prom-  
ised a report before this time but  
there had been some delay. He  
said that he felt certain that the  
report would be at hand within a  
day or two when he will be ready to  
make a recommendation to the  
council as to what bid shall be ac-  
cepted.

## Clean-Up Week.

Mr. Newman suggested that it  
would be proper for the mayor and  
commissioners to take an active  
part in the observance of road day.  
He said that the governor and var-  
ious city officials throughout the  
state had agreed to get out on the  
roads and do some actual labor next  
Wednesday and he thought it would  
be a good thing for Jacksonville to  
be in line with this effort. The sug-  
gestion that city officials get out  
with shovels and picks didn't meet  
with very much enthusiasm on the  
part of the council as a whole and  
when Mr. Knollenberg made a mo-  
tion that any official who was will-  
ing to should get out and work  
Mayor Davis said that this would be  
the order. The mayor and Mr. New-  
man indulged in a good deal of  
badinage as to their respective  
abilities in the line of physical labor.  
Mr. Newman reported that the plans  
for clean-up week were moving  
along in good shape and that he be-  
lieved that an expense of \$100  
would take care of the removal of  
rubbish during the week. He men-  
tioned too that Mr. Knollenberg  
had rented some ground from W. H.  
Cocking on Webster avenue where  
loads can be dumped without ex-  
pense for the week. It was deter-  
mined to take no further action in  
the matter until after a meeting of  
the general clean-up committee  
which is to be held today.

Mr. Brennan said that there was  
plenty of room out by the city  
pumping station for the dumping of  
a good deal of trash and that it  
wasn't necessary to go to expense  
for special dumping grounds. It  
was the understanding that the city  
property would be used for a dump-  
ing ground for refuse of the 3rd  
and 4th wards and that on Webster  
avenue for the 1st and 2nd. Mr.  
Brennan reported that seven loads  
of one of the boilers in the light  
plant were blown out the past week  
and that he didn't know how much  
longer the boiler would last.

## For Increased Pay.

An ordinance suggested by Mr.  
Brennan was given a first reading  
providing for increased pay for  
men employed at the city light  
plant. The new schedule of salary  
is engineer \$75.00; assistant engi-  
neer, \$70.00; firemen \$60.00. After  
some other minor matters had been  
given attention the council adjourned.

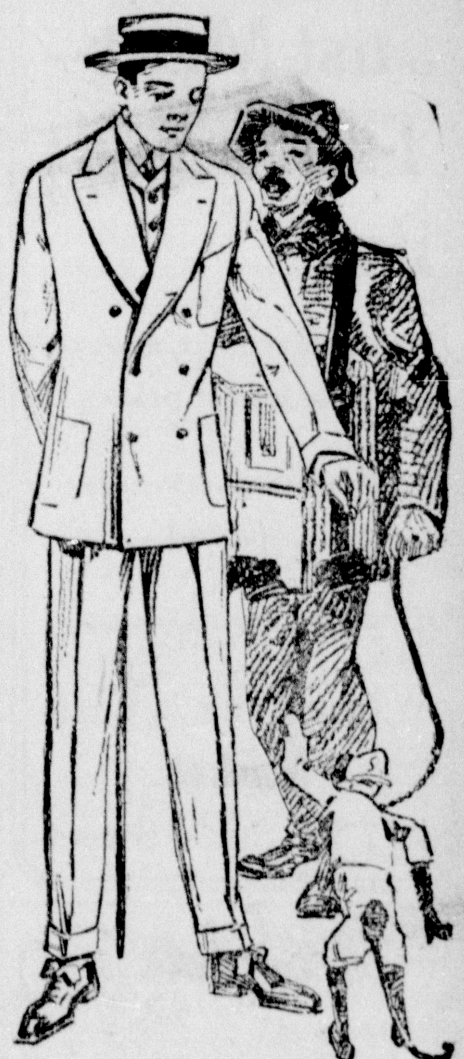

## HAD LEG BROKEN.

George Garrison, a student of  
Whipple Academy suffered a bro-  
ken leg Monday at 2 o'clock. He was  
sitting on the front steps of the col-  
lege dormitory at the time of the  
accident, when some one broke a  
window light out above. Garrison  
with some of the other boys hasten-  
ed to get out of the way and in so  
doing fell and fractured his left  
leg above the ankle. He was taken  
to Passavant hospital where Dr. C.  
Black gave him the necessary  
medical attention. He is a son of  
Dr. W. H. Garrison of Pearl, Ill.  
His father was expected in the city  
last evening.

## IF SKIN BREAKS OUT

AND ITCHES APPLY SULPHUR

Use it like Cold Cream and Dry

Eczema Right Up.

The moment you apply bold-sulphur  
to an itching or broken out  
skin, the itching stops and healing  
begins, says a renowned dermatol-  
ogist.

This remarkable sulphur made  
into a thick cream effects such  
prompt relief, even in aggravated  
Eczema, that it is a never-ending  
source of amazement to physicians.  
For many years bold-sulphur has  
occupied a secure position in the  
treatment of cutaneous eruptions by  
reason of its cooling, parasite-de-  
stroying properties and nothing has  
ever been found to take its place in  
relieving irritable and inflammatory  
affections of the skin. While not  
always establishing a permanent  
cure, yet, in every instance, it im-  
mediately subdues the itching irri-  
tation and heals the Eczema right  
up and it is often years later before  
any eruption again manifests itself.

Any good pharmacist will supply  
an ounce of bold-sulphur cream,  
which should be applied to the af-  
fected parts like the ordinary cold  
creams. It isn't unpleasant and the  
prompt relief afforded is very wel-  
come, particularly when the Eczema  
is accompanied with tortuous  
itching.

We use care in selecting the feed  
we sell and when you buy corn, oats,  
hay or other grain here you know it  
is of the best quality. Good feed  
costs no more than the other kind  
yet there is a lot of difference in  
the results.

## A NURSE TAKES DOCTOR'S ADVICE

And is Restored to Health by  
Lydia E. Pinkham's Veg-  
etable Compound.

Euphemia, Ohio.—"Because of total  
ignorance of how to care for myself  
when verging into womanhood, and from  
taking cold when going to school, I suf-  
fered from a displacement, and each  
month I had severe pains and nausea  
which always meant a lay-off from work  
for two to four days from the time I  
was 16 years old.

"I went to Kansas to live with my sis-  
ter and while there a doctor told me of  
the Pinkham remedies but I did not use  
them then as my faith in patent medi-  
cines was limited. After my sister died  
I came home to Ohio to live and that  
has been my home for the last

## THE NATIONAL AND AMERICAN LEAGUE TEAMS WILL OPEN 1914 SEASON TODAY

Many Changes Have Occurred During Past Winter in Ranks of Major Leagues—How the Teams Compare.

New York, April 13.—Granted favorable weather conditions the sixteen clubs composing the National and American league will open the 1914 baseball season tomorrow afternoon. The familiar slogan "Play ball" will ring out around the circuit and another six months of America's national sport inaugurated. With hardly a break the clubs will struggle for supremacy in the two leagues and the climax will come with the playing of the world's series in October between the pennant winning clubs of the two organizations.

The present season will mark the 29th year of play in the National league and the 14th in the American league. National league history dates back to the spring of 1876 and during the ensuing years, 38 pennant have been won by eight clubs. Chicago leads with ten championships to its credit; Boston is second with eight, and New York third with seven. Pittsburgh accounted for four, Brooklyn three, Baltimore three, Providence two and Detroit one. Since the opening year of the American league play in 1900 fourteen championships have been won, of which the Philadelphia club secured five, Boston three, Chicago three and Detroit three.

During the past winter many changes have occurred in the ranks of the major leagues. The federal league secured from the older organization a number of veterans and promising recruit players in its efforts to establish itself as a contender for baseball patronage. Several sensational trades and the appointment of new managers also caused decided changes in the combinations of various clubs. The National league was particularly active in this respect, the changes beginning with the selection of a new president in the person of John K. Tener and extending down through the ranks of owners, managers and players. Thus on the eve of another season the various clubs face the pennant campaigns in the following condition:

### New York.

The National league pennant winners of last season present virtually the same line-up as a year ago. With the exception of Herzog now managing Cincinnati, and Shafer, who refused to return to the game, the Giants will enter the 1914 race with the identical line-up that faced the Athletics in the world's series last autumn. Manager McGraw is inclined to the belief that he can fill the gap at third satisfactorily despite Shafer's defection. If such proves to be the case the New York club will be as strong, if not stronger, than was the case twelve months ago.

### Philadelphia.

Shot almost to pieces in the raids of the Federal league, the Philadelphia National league has reformed its lines and will make a determined effort to show well in the pennant race in the senior organization. Having lost Knabe and Doolan, two important infield men; Brennan and Seaton, dependable pitchers, and with the possibilities of not having the service of Killifer, the Phillies enter the pennant race much below last year's strength, when they gave the New York Giants a battle for first place.

### Chicago.

The Cubs will start the season with a new manager, an infield new in its combination, though made up of experienced men, and a pitching staff of veterans strong enough to offset in a measure what is believed to be a lack of hitting power. The make-up of the inner line of defense finds only Zimmerman in a position new to him, but the rest of the quartet have had great schooling in taking care of the bases to which Manager O'Day has assigned them, while a number of first class utility men are ready to help in the infield. With Humphries, Vaughan, Cheney and Lavender ready to take regular turns on the slab, and Pierce, Stack, Charles Smith, Koestner and Zabel forming a reserve squad of ability, the club is fortified with pitchers.

The Pittsburgh National league team which starts the 1914 season is different in many respects from the team which started out in 1913 with such bright prospects. There are new faces in the infield, in the pitcher's box and behind the plate. Drafts, recalls, trades and purchases have added much new material to the Pirate machine. The trade with St. Louis by which the Pirates obtained infielders Konechey and Mowrey and Pitcher Harmon has added strength in the opinion of the management. Leary and Simon, a good battery, were the Pirates' loss in the Federal invasion. New men are expected to fill their places.

Altogether the Pirates of 1914 are stronger than the team which finished the 1913 season. President Barney Dreyfuss says his team is "better" and will get a good start. Manager Clarke has declined to give an opinion, but it is known he is satisfied, especially with his young outfielders and pitchers. There is strength in the Pirates this year, the malcontents have gone, other teams and if the youngsters come up to expectations, the team should be a big factor in the pennant race.

### Boston.

The Boston Nationals aspire to first division honors this year. With a team that has been practically made over since he took charge last season, Manager Stallings predicts that Boston will finish at least fourth and possibly third. The Braves closed last season's race in fifth place.

The accession of Johnny Evers, crack second baseman and manager of the 1913 Chicago Cubs, and the resultant loss of Bill Sweeney, was probably the most notable change in the team. Much is expected by local fans from the combination, mid-infield play of Evers and young Maran-

**BIG CHIEF BENDER  
PROMISES MACK  
A WINNING SEASON.**

Photo by American Press Association.

Chief Bender, the Athletics' great Indian twirler, promises to give Connie Mack one of the best seasons of his career. The big redskin has been rather fond of breaking training rules occasionally, and Mack laid down the law during the spring trip. He looks for thirty victories from Bender this season.

ville, the diminutive shortstop of last year. Recruits will cover the other infield positions, Schmidt at first replacing Hap Myers, and Deal, at third, filling a position uncertainly occupied for several years. Both are from the International league.

### Brooklyn.

The Brooklyn club starts the season with brighter prospects than has been the case for several years. With Wilbert Robinson as manager the team will have the benefit of a seasoned and capable baseball general in charge and material for a fast, clever playing combination. If Robinson can spur the players to sustained effort the team should prove a formidable opponent for every club in the National league circuit.

### Cincinnati.

Baseball fans will note many changes in the personnel of the Cincinnati National league team this season. First and probably foremost, the team will have a new leader in the person of Charles Herzog, formerly of the New York Giants, who succeeds Joe Tinker, now manager of the Chicago Federal league club. There are also changes in both the outfield and infield and a large squad of recruits for the pitchers' positions.

### St. Louis.

The strength of the St. Louis club, which finished last in the National league race of 1913, is an uncertain quantity on the eve of the new season. Manager Huggins has considerable new material, secured in the trade with Pittsburgh and from other sources, but no definite idea of the playing ability of the new combination will be available until the team has faced several rival clubs during the early days of the pennant play.

### AMERICAN LEAGUE.

#### Philadelphia.

The Philadelphia Americans will enter the campaign standing pat on the team that won the championship of the world for the Quaker City in 1913. Like John McGraw in the National league, Connie Mack probably has fewer troubles regarding personnel of his team than any other manager in the American league. As is his rule, the silent leader of the Athletics is now predicting that his champions will again finish in front this year, but the supporters of the club expect to see, barring accidents, the team in another world's series in October.

#### Washington.

With but one veteran pitcher who can be relied upon and practically the same line-up, man for man, the team in second place last year, the prospects of the Washington American league ball club of equaling that performance this year are not particularly bright. The team lacks batting ability and Manager Griffith has failed in his efforts to strengthen this department. Unless he can pick up one of two good stickers during the season or the veterans show unexpected improvement his team batting is going to be weak. Griffith himself admits it. Gandil, the first baseman, is Washington's best sticked, and as he batted better than 200 last year much is expected of him.

#### Cleveland.

The Cleveland Americans, finishing third in last year's league race, hope to do as well in 1914, but the team's future is problematical.

#### Boston.

With three star players recovering from illness, the Boston Red Sox will be handicapped during the opening stages of the pennant race. Irlis Speaker has been suffering from a cold since his return from the world tour. He will probably be able to start the season, however. Recovering from an operation for appendicitis, Joe Wood will not be able to

### PHILADELPHIA NATIONALS FILE SUITS AGAINST FEDERAL OFFICERS

Seek to Restrain Federal Leaguers From Interfering With National League Players.

Chicago, April 13.—The Philadelphia National league baseball club filed two suits here today in the United States district court against the officials of the Chicago Federal league club. The suits ask for \$25,000 damages and for an injunction restraining the Federal league from interfering with the Philadelphia club's players.

The first suit named Charles Weegham, William M. Walker, James A. Gilmore, Joseph Tinker, Robert B. Ward and Walter F. Ward, the two latter of New York, as defendants from alleged attempts to disrupt the Philadelphia league team by hiring away from it, players Seaton, Brennan, Killifer, Doolan and Knabe. The suit prayed that the Federal leaguers be restrained from attempting to get these players or from other alleged attempts to interfere with the business of the Philadelphia nationals.

Only the praecipe was filed in the damage suit. It asked for \$25,000 damages from the same defendants. Summons were issued for each of the defendants named and were placed in the hands of marshals who expected to serve them on all the defendants in this jurisdiction tonight or early tomorrow. It was expected a preliminary hearing might be obtained tomorrow.

#### Killifer Is Expelled.

New York, April 13.—William M. Killifer Jr., catcher of the Philadelphia National league club, was expelled from the membership of the baseball players' fraternity today for "contract jumping." This action the fraternity took in conformity with a resolution it adopted at its annual meeting last October prohibiting breaches of contract.

In announcing Killifer's expulsion, David L. Fultz, president of the organization, alluded to "cutthroat" tactics of baseball club owners in inducing players to violate agreements. The magnates, more than Killifer, were blamed for his jumping to the Federals. Killifer is now back with Philadelphia and the United States court has held that he is the property of that club.

Moose Jaw, Sask., April 13.—Throng of school teachers have gathered here for the annual convention of the Saskatchewan Education Association. The gathering was opened this afternoon with a meeting of the executive committee. The regular session will begin tomorrow morning and continue until Friday.

### MORE THAN 25,000 PEOPLE SEE FIRST GAME OF SEASON

Baltimore Federal League Club Defeats Buffalo Team in Initial Contest by Score of 3 to 2.

Baltimore, Md., April 13.—Not since the Baltimore Orioles captured three National league pennants has such a crowd witnessed a game of baseball in this city as today saw the Baltimore club of the Federal league defeat Buffalo by a score of 3 to 2. More than 25,000 were within the enclosure when Mayor James H. Preston threw the ball onto the diamond.

Though there were numerous errors on both sides, the game abounded in brilliant plays. Jack Quinn pitched consistent ball for the locals and with perfect support probably would have shut out the visitors. President Gilmore of the Federal league saw the game. The score:

## TOWNSHIP TRUSTEES AND THE GENERAL LAW.

Section 39 of the revised school law provides that "They (the township trustees) shall be and are hereby invested in their corporate capacity with the title of all school buildings and school sites. All conveyances of real estate made to the trustees of schools shall be made to them in their corporate name, and to their successors in office."

It is estimated that the value of Jacksonville school district is about \$350,000. The title to this property is now in the Jacksonville school district. Should Jacksonville vote to go under the general school law, the title to all this property would pass to the township trustees.

When Jacksonville was given its special charter in 1867, there was a division of the township fund by which Jacksonville school district received about \$10,000. This fund is a permanent fund to be kept invested, and only the interest to be applied to the use of the schools. Instead of keeping this money intact and using only the interest, Jacksonville spent the principal when the additions to the second ward school were built.

Should Jacksonville determine by its vote to go back under the general school this money must be returned to the township fund. Can the people of Jacksonville afford to put up \$10,000 for the privilege of vesting the title to \$350,000 worth of property in these trustees.

## MANY PAY LAST TRIBUTE TO MRS. ELIZABETH OSBORNE

Funeral Services Held Monday Afternoon From Family Residence on West College Avenue—Interment in Diamond Grove.

The funeral of Mrs. Elizabeth Osborne was held at 2:30 Monday afternoon from the residence, 1228 West College avenue, in charge of Rev. Clyde Darsie, pastor of Central Christian church, of which the deceased was a member. Interment was made in Diamond Grove cemetery. A large number were present from among the relatives of Mrs. Osborne and the many friends she formed during the eighty-four years of a useful, Christian life.

"Her life was an eloquent sermon in itself," said Rev. Mr. Darsie. "I hardly know what we preachers would do, where we should go for models, were it not for the living examples of such pure white lives as hers. The spirit of youth remained with her and to me it seemed that she never grew old. She retained an active interest in the affairs of the day and she was always bright and cheerful. She loved her church and esteemed above all else her duty to the Master. May the Lord help us to keep alive her memory, that her life may be for us a light and example."

"Rock of Ages," "Abide With Me" and "Jesus Lover of My Soul" were feelingly rendered by a quartet composed of Mrs. George Hollinger, Mrs. Percy Jenkinson, John Johnson and T. H. Rapp. The flowers were cared for by Mrs. C. E. Dickson, Mrs. Jesse Palmer Weber of Springfield, Miss Mary Deewe and Mrs. T. B. Orear. The bearers were C. C. Phelps, Frank L. Best, Marcy Osborne, Van Worden Osborne, John T. Osborne, D. W. Osborne, C. A. Osborne and George Deewe.

The relatives and friends from out of the city were Mrs. Jessie Palmer Weber and Miss Helen Strickland of Springfield; Van Worden Osborne of Beardstown; Mrs. Jesse Metcalf of Girard; Mr. and Mrs. H. C. Hamilton, Girard; Mrs. James M. Bristow, St. Louis; Mr. and Mrs. W. C. Osborne, Chicago and Mr. and Mrs. Frank L. Best, Bloomington.

## THE SCHOOL QUESTION.

To the Editor: There is a question to be submitted to the voters at the next school election in Jacksonville which I consider of great importance, namely, the going under the general school law or remaining under the special charter. I am an humble citizen of Jacksonville and it is my desire to vote for the best interests of the schools. I have been reading with great interest the writings and sayings of those who are advocating the change and if it is for the best interests of Jacksonville, I desire to vote for the general school law.

However, it seems to me that those who advocate the change are somewhat mixed in their statements or possibly I am the one who gets mixed. Several of the advocates of the change have stated that we would have a school board of six members and a president and about the same number have as positively asserted that the board would consist of nine members and a president.

Some of them have stated that if the proposition carries that we will abandon the special charter entirely and adopt the general school law in its entirety, while others say that we will retain all the provisions of the special charter except in the number of members of the school board and the method of electing them.

While I very much desire to vote for the best interests of our schools, I must confess that I am getting very much mixed over these conflicting statements. Cannot these ladies and gentlemen, who are asking us to vote for the change, get together and agree on just what changes will take place, should we adopt the general school law. I don't think that it is fair to some of the folks who have such limited means of studying these things, to ask us to vote for what they disagree upon themselves. Straighten out these tangles and tell us exactly what we have now, what we will get if we change, and in what respects the one is better than the other.

### MORTUARY

**McCoid.**  
Died at the home of her daughter, Mrs. J. B. Monfort, Fairfield, Iowa, Monday noon, April 13th, 1914, Mrs. Helen Ireland McCoid, of uremic poisoning and heart trouble.  
Helen Ireland McCoid was the eldest daughter of Thomas C. and Martha Ireland and was born in Pleasant Valley, near Milton, Penn., February 15th, 1842. When a child she was brought to Fairfield, Iowa, with her parents and there she grew to womanhood and in that place spent most of her life. In 1861 her parents removed to Naples, Ill., and during the stirring war times Miss Ireland taught in the schools of Naples. She had become engaged to Lieut. Moses A. McCoid of Fairfield, Iowa, who was at the front with an Iowa regiment and who served during the entire war. He came home on a furlough and Sept. 7th, 1863, he and Miss Ireland came to Jacksonville and were married by the Rev. Robert Allen, of the Central Presbyterian church. Lieut. McCoid returned to the front that same day and his bride went back to her home and continued her teaching.  
At the close of the war the young couple took up their residence in Fairfield, Iowa, and that was their home during all their married life. Mr. McCoid died in May, 1903, at his home there.  
They were the parents of eight children all of whom grew to maturity. Thomas, the third son died in November 1898. All the rest survive their mother. They are Mrs. J. B. Monfort and three daughters of Fairfield, Ernest of Keokuk, Ia., Arthur and one daughter of Chicago, Mrs. W. T. S. Vincent, Pensacola, Florida, Mrs. Helen Wegener of Chicago, Mrs. Charles Crall and three children of Los Angeles, California, and Robert of Indianapolis, Ind. Besides these children Mrs. McCoid is survived by three sisters, Mrs. Kate I. Davis of Seattle, Wash., Mrs. John A. Vickery and Mrs. Jas. D. Danskin of Jacksonville, Ill.  
Mrs. McCoid was a woman of strong personality, a devout Christian all her life and a consistent member of the Presbyterian church. Her going will leave many sad hearts who will miss her, but she has gone to join the church triumphant, whose Lord she tried to serve while here on earth. "Blessed are the dead who die in the Lord."

### FOR EAST STATE

**STREET RESIDENTS**  
Since East State street property owners are determined to have that thoroughfare this year it has been suggested that they go one better in the matter of improvements and include boulevard lamps in their scheme of betterments. With a new pavement and new lights East State street could lay claim to being the best improved street in Jacksonville.

### FUNERALS

**HUNTED WITH CAMERA.**  
When Dr. Lucien Smith, Thomas U. Markham and Jeff Duckett of Chapin returned from their camp on the Illinois river near Meredosia a few days ago, it was not ducks they brought with them but pictures of ducks, for these hunters have respect for the new federal game law. They couldn't shoot any canvass back or mallard so they had to be content with "snap-shooting" them.

### MARCUS KELLERMAN, BARITONE HEARD IN SUPERB RECITAL

Large Audience Enjoys Evening of Song by Well Known Artist—Proceeds of Concert for Conservatory Scholarship Fund.  
Jacksonville has had the opportunity of hearing several prominent singers during the past few months and among the number is Mr. Marcus Kellerman, who appeared in concert last night at State Street church. The concert was under the auspices of the Illinois college conservatory, for the purpose of founding a scholarship fund. The singer was greeted by a large and sympathetic audience.  
Mr. Kellerman is known in all parts of the United States as well as abroad, for his splendid attainments in the musical world and it was a real pleasure to hear his recital last night. His voice is excellently handled and has a rich quality that is natural and pleasing. His finished tones and superb interpretations readily rank him among the baritone artists of exceptional ability.  
Although his program consisted of seventeen numbers, he graciously responded to encores, giving "Ich Grolle Nicht" by Schuman, "In the Dawning" by Cadman and being recalled at the end of the program gave "Danny Deever" by request with a spirit and dash that made a fitting climax to his superb recital. The audience found especial delight in his rendition of the three selections from "Tuck-Me-In" songs by Miss Carrie Dunlap of this city.  
Mr. Kellerman was well supported in his work by Miss Risse, of Chicago, as accompanist. During the program she gave as a piano solo, "Aufschwung Warum" by Schumann.  
The program follows:  
Prolog to "Pagliacci" (in Italian)—Leoncavallo.  
Douglas Gordon—Eber C. Hamilton.  
The Heart of Her—Charles W. Cadman.  
The Hour of Dreaming—R. Hahn.

**TOWNSHIP ORGANIZATION  
ELECTION AT MURRAYVILLE**  
Citizens of Eight Townships Will Vote April 25 on Question Herebefore Defeated.  
Eight school districts of Morgan county, including Murrayville will vote on the question of a township high school on April 25. The time for the election was announced by Supt. H. C. Montgomery yesterday and notices have already been posted.  
The eight districts include, Pleasant Grove, British College, Oak Hill, Garner, East Union, West Greasy, East Greasy and Murrayville. This makes an area of seven miles by eight miles with Murrayville as a central point.  
On three or four different occasions, the people of that vicinity have voted on the township question, but each time it has been defeated.  
The new law which allows territory to be cut in order to vote on the township proposition and the new law which requires each district to pay the tuition of pupils attending high schools in other places are two factors which the advocates of the township idea believe will carry the proposition this year. The sentiment at any rate is stronger among the farmers and people of Murrayville now than ever manifested before.  
If the township organization wins out it will mean that a building will be erected in which the 9th, 10th, 11th and 12th years work will be taught and the present Murrayville school will only teach as far as the 8th grade as does the other rural schools. Murrayville being centrally located it would be the proper place for the new building.

Dr. F. S. Hayden is a graduate of Yale with the class of 1869 and his class will celebrate their 45th anniversary this year. The many friends of "Tom" will wish him success in his school work in the east.

### SOCIAL EVENTS.

Among the most delightful social events of the season was the Knights of Columbus Easter ball, held Monday evening at the hall on East State street. Powers' orchestra furnished lively dance music and the one hundred forty-eight young people in attendance passed the hours most pleasantly. In the course of the evening, light refreshments were served. Those who served on the committee on arrangements were: John E. Fogarty, J. W. Merrigan, James Magner, John H. O'Donnell and D. Scott Sweeney.

President and Mrs. C. H. Rammelkamp and Prof. Kritch entertained informally a limited number of musicians last night after the concert, in honor of Mr. Kellerman and his accompanist, Miss Risse at the president's home on Illinois college campus. Supper was served by the Peacock Inn caterers. The guests found special pleasure in meeting the singer of the evening, whose personality and cordiality is most delightful.
